Freagairt bho Bhòrd na Gàidhlig

18 Dàmhair 2023

Consultation: Draft Corporate Strategy 2024-27 Comhairle nan Eilean Siar

Response from Bòrd na Gàidhlig

18 October 2023

Tha Bòrd na Gàidhlig a' cur fàilte air a' chothrom freagairt a chur a-steach dhan cho-chomhairle air dreachd Roinnleachd Chorporra ùraichte Comhairle nan Eilean Siar airson 2024-2027. Tha sinn a' cur fàilte air rùn an athsgrùdaidh gus na h-àrd-amasan, rùintean agus geallaidhean aig a' Chomhairle a chur an cèill.

Ann a bhith ag obair leis a' Chomhairle bho chionn ghoirid gus ath-sgrùdadh a dhèanamh air a' Phlana Ghàidhlig agaibh bha sinn air ar misneachadh leis an "amas dèanamh cinnteach gum bi a' Ghàidhlig seasmhach san àm ri teachd mar sho-mhaoin eaconamach, sòisealta agus cultarail do na h-Eileanan an Iar." Tha tòna ro-innleachdail an dreachd Phlana Gàidhlig aontaichte air a shuidheachadh mar a leanas:

Tha Poileasaidh Gàidhlig, Ro-innleachd Chorporra 2022-2027 agus Plana Gàidhlig na Comhairle ag adhartachadh agus a' toirt taic do chleachdadh, ionnsachadh agus adhartachadh na Gàidhlig anns na h-Eileanan an Iar. Mar a tha am Poileasaidh Gàidhlig agus an Ro-innleachd Chorporra ag ràdh:

Gum bu choir do Na h-Eileanan an Iar gu bunaiteach na choimhearsnachd dhà-chànanach far a bheil an aon ùghdarras aig a' Ghàidhlig agus a' Bheurla mar mheadhanan conaltraidh.

Ann an com-pàirteachas, tha a' Chomhairle dealasach gu stèidheachadh seasmhachd dhan Ghàidhlig agus a cultar san àm ri teachd ann an Innse Gall, agus gum bi Innse Gall air an aithneachadh agus taic air a chumail riutha le buidhnean nàiseanta a thaobh buaidh air taic don

Bòrd na Gàidhlig welcome the opportunity to respond to Comhairle nan Eilean Siar's draft updated Corporate Strategy 2024-2027. We welcome the intention of the review to state and communicate the ambition, aspirations, and commitments of the Comhairle.

In working with the Comhairle recently to review your Gaelic Language Plan we were encouraged by the "aim to ensure that Gàidhlig has a sustainable future as an economic, social and cultural asset for the Western Isles." The strategic tone for the approved draft Gaelic Language Plan is set as follows:

The Comhairle's Gaelic Policy, Corporate Strategy 2022-2027 and Gaelic Language Plan promote and support the use, learning and promotion of Gaelic in the Western Isles. As the Gaelic Policy and Corporate Strategy state, respectively:

The Western Isles should be a fundamentally bilingual community, in which Gaelic and English have equal validity as languages of communication.

The Comhairle, in partnership, is committed to creating a sustainable future for Gaelic language and culture in the Outer Hebrides and to ensuring that the Outer Hebrides are recognised and continue to be supported by national

Ghàidhlig, an dàimh ris a' chànan agus gu h-eacanomaigeach.

A bharrachd air sin, san t-Samhain 2022, chaidh Poileasaidh ùr "Gàidhlig mar Chiad Chànan" aontachadh leis a' Chomhairle, a tha a' nochdadh dealas soilleir gus feallsanachd Gàidhlig mar Phrìomh Chànan a bhrosnachadh anns gach raon de dh'obair na Comhairle, agus gus luach sòisealta, cultarail, eaconamach agus foghlaim na Gàidhlig do na h-Eileanan a bhrosnachadh. Gus am Poileasaidh seo a chur an gnìomh, thathar an dùil gum bi a' Chomhairle na dheagh eisimpleir agus gun àrdaich i an àireamh luchd-obrach a chleachdas Gàidhlig gu in-ghabhalach agus gu làitheil.

Mar a tha am Poileasaidh ag ràdh:

Tha dleastanas air a' Chomhairle a bhith a' sealltainn eisimpleir de dheagh chleachdadh do bhuidhnean eile tro bhith a' brosnachadh cleachdadh Gàidhlig an dà chuid ann an suidheachaidhean foirmeil agus coimhearsnachd. Tha seo a' ciallachadh gum feumar cleachdadh na Gàidhlig a mheudachadh ann an obair gu lèir na Comhairle, gu h-àraid ann an Seòmar na Comhairle, agus dèanamh cinnteach gu bheilear a' lìbhrigeadh sheirbheisean mu choinneamh a' phobaill gu dà-chànanach.

Ged a tha an Ro-innleachd ath-sgrùdaichte a' toirt grunn iomraidhean air a' Ghàidhlig agus a cultar, chan eil seo a rèir cho cudromach 's a tha Gàidhlig dhan Chomhairle agus do na h-eileanan.

Bhiodh e na bhuannachd dhan ro-innleachd iomradh soilleir a thoirt air a' Phlana Ghàidhlig agus Poileasaidh "Gàidhlig mar Chiad Chànan" agus Poileasaidh Gàidhlig agus nan robh gealltanasan ann gus an cur an gnìomh.

Tha a' Chomhairle ann an suidheachadh gun choimeas gus buaidh a thoirt air cor na Gàidhlig san àm ri teachd. Tha iomradh san Ro-innleachd air "coimhearsnachdan a tha soirbheachail gu sòisealta agus gu h-eaconamach". Cuidichidh coimhearsnachdan soirbheachail le bhith a' glèidheadh agus a' toirt fàs air sluagh agus, thar ùine, le bhith a' cruthachadh pròifil deamografach nas cothromaiche. Cuidichidh seo gus a' Ghàidhlig a chumail

organisations for their contribution in support of Gaelic, linguistically and economically.

Furthermore, in November 2022, a new "Gaelic First" Policy was approved by the Comhairle, which makes a clear commitment to promoting a Gaelic First ethos in all areas of Comhairle operations, and promoting the social, cultural, economic, and educational value of Gaelic to the Isles. In order to implement this Policy, it is intended that the Comhairle will lead by example and increase the number of staff who use Gaelic on an inclusive and everyday basis.

As the Policy states:

It is the Comhairle's duty to lead by example by focusing on encouraging the use of Gaelic in both formal and community settings. This means increasing the use of Gaelic in all areas of Comhairle operation, especially in the Comhairle Chamber, and ensuring that front-line services are available bilingually.

While the revised Strategy includes various references to Gàidhlig language and culture it does not reflect the strategic importance of Gàidhlig for the Comhairle and the islands.

The strategy would benefit from clear references to, and commitments to deliver, the Gaelic Language Plan, the "Gaelic First" Policy and the Gaelic Policy.

The Comhairle is uniquely positioned to impact on the future of Gàidhlig. The Strategy includes references to "socially and economically thriving communities". Thriving communities will help to secure population retention and growth and, over time, a more balanced demographic profile. This will help to sustain the Gàidhlig language in its heartland communities but only if the

seasmhach anns na coimhearsnachdan traidiseanta aice ach cha tachair seo ach a-mhàin ma tha a' Chomhairle deònach prìomh dleastanas stiùiridh a ghabhail os làimh mar as còir. Chan eil an ceannardas seo airson Coimhearsnachdan agus airson na Gàidhlig ri fhaicinn san dreachd Ro-innleachd aig an ìre seo.

Comhairle publicly step up to assume their rightful leadership role. This leadership role for Communities and Gàidhlig is not currently reflected in the draft Strategy.

Scottish Parliamentary Corporate Body

DRAFT GAELIC LANGUAGE PLAN

2023-28

Foreword

Welcome - Fàilte

Gaelic is an integral part of Scotland's national identity, our cultural heritage and history.

This plan sets out for the next five years how the Scottish Parliament plans to build on, develop and promote the use of the language throughout its work. The Parliament passed the legislation which underpins this plan 18 years ago. The purpose was to ensure that Gaelic continues to be a part of everyday life in Scotland, not just for Gaelic speakers and learners but for others too.

I believe this plan gives Gaelic the prominence and respect that it deserves and shows the Scottish Parliament's commitment to its development.

Building on the work we have already done; this plan recognises views from people across Scotland about how they would like us to communicate and use Gaelic. I'm proud as Presiding Officer to reaffirm our commitment to Gaelic and look forward to seeing the work outlined in this plan will helping promote and continue the use of the language in communities all over Scotland.

Rt Hon Alison Johnstone MSP, Presiding Officer

Introduction

DESCRIPTION OF THE FUNCTION OF THE SCOTTISH PARLIAMENTARY COPORATE BODY AND LOCATION OF ITS OFFICES

The Scottish Parliament is made up of 129 Members of the Scottish Parliament (MSPs). One of the 129 MSPs is elected by the others to serve as the Presiding Officer; another two MSPs are elected as Deputy Presiding Officers.

The Scottish Parliamentary Corporate Body (SPCB) is a statutory body provided for by the Scotland Act 1998 and consists of five members – the Presiding Officer, who chairs the Body, and four Members elected by the Parliament.

The Scottish Parliament elects the members of the Scottish Parliamentary Corporate Body, who are then accountable to the Scottish Parliament for providing the staff, accommodation and services required by the Parliament to carry out its work.

The SPCB employed 536 members of staff and had a net operating cost of £120.4M in 2021-22.¹ It is based in the Scottish Parliament building in Edinburgh. For more information, see the <u>SPCB pages on the Scottish Parliament website</u>.

The legislative and other functions of the Scottish Parliament are distinct from the administrative functions of the SPCB. This Plan relates to the SPCB and not to the Scottish Parliament. Provision for the use of languages in the business of the Parliament is set out in the Standing Orders (See 7.1), which are <u>available online</u>. More detail of how services will be provided is set out in the <u>SPCB's Language</u> Policy.

THE GAELIC LANGUAGE (SCOTLAND) ACT 2005 AND THE ISSUING OF NOTICE

The Gaelic Language (Scotland) Act 2005 was passed by the Scottish Parliament with a view to securing the status of the Gaelic language as an official language of Scotland commanding equal respect to the English language.

One of the key features of the 2005 Act is the provision enabling Bòrd na Gàidhlig to require a public authority to prepare a Gaelic Language Plan. This provision was designed to ensure that the public sector in Scotland plays its part in creating a sustainable future for Gaelic by raising the status and profile of the language and creating practical opportunities for its use.

This document is the SPCB's Gaelic Language Plan, prepared within the framework of the Gaelic Language (Scotland) Act 2005. It sets out how we will use Gaelic in the operation of our functions, how we will enable the use of Gaelic when communicating with the public and key partners, and how we will promote and develop Gaelic.

The SPCB's Gaelic Language Plan has been prepared in accordance with statutory criteria set out in the 2005 Act, and having regard to the National Gaelic Language Plan and the Guidance on the Development of Gaelic Language Plans.

APPROVAL OF THE SPCB'S GAELIC LANGUAGE PLAN

The SPCB's Gaelic Language Plan is awaiting approval by Bord na Gaidhlig.

CONSULTATION ON THE SPCB'S DRAFT GAELIC LANGUAGE PLAN

The 2005 Act requires public authorities to bring the preparation of their Gaelic Language Plans to the attention of all interested parties.

The public consultation was open from 20 February 2023 until 3 April 2023 and was carried out by means of an online questionnaire on CitizenSpace.

Promotional methods included:

- Posters and leaflets
- A News Release
- o The Scottish Parliament website
- Social media posts on the corporate Facebook, Twitter and Instagram accounts and on the Scottish Parliament Gaelic twitter, the Presiding Officer's Twitter account and other Scottish Parliament satellite accounts.
- A podcast
- o The Scottish Parliament e-newsletter and BSL newsletters
- o Internal communications via Corporate Bulletin
- An email to national and local Gaelic groups.

Altogether 124 responses we received, which represents a high level of response for a statutory Gaelic Language Plan. A full report on the consultation and changes made as a result of this can be found as Appendix A.

SUMMARY OF GAELIC IN SCOTLAND

The SPCB recognises that Gaelic is an integral part of Scotland's heritage, national identity and cultural life. The SPCB is committed to the objectives set out in the National Gaelic Language Plan and has put in place the necessary structures and initiatives to ensure that Gaelic has a sustainable future in Scotland.

The SPCB recognises that the position of Gaelic is extremely fragile and if Gaelic is to be sustainable and vibrant, increasingly used and respected in Scotland, a concerted effort on the part of government, the public and private sectors, community organisations and individual speakers is required to:

- enhance the status of Gaelic
- promote the acquisition and learning of Gaelic
- encourage the increased use of Gaelic.

GAELIC WITHIN THE SPCB'S AREA OF OPERATION

The SPCB's area of operation is all of Scotland. It therefore follows that all Scotland's Gaelic speakers and Gaelic communities, both geographical communities and communities of interest, are within the area in which the SPCB operates.

In this section, we use data from the 2011 census as the most current available and will review once 2021 census data becomes available.

The total number of people recorded as being able to speak and/or read and/or write and/or understand Gaelic in the 2011 Census was 87,056 (1.7% of the Scottish population). Of these, the total number of people who could speak Gaelic was 57,602 (1.1% of the Scottish population). While the number of Gaelic speakers declined overall in the last Census, the number of people able to speak and also read and write Gaelic increased between 2001 and 2011, reflecting a growth in Gaelic literacy and growing numbers of Gaelic learners. The number of people under the age of 25 able to speak Gaelic also increased between 2001 and 2011.²

Census 2011 Scotland

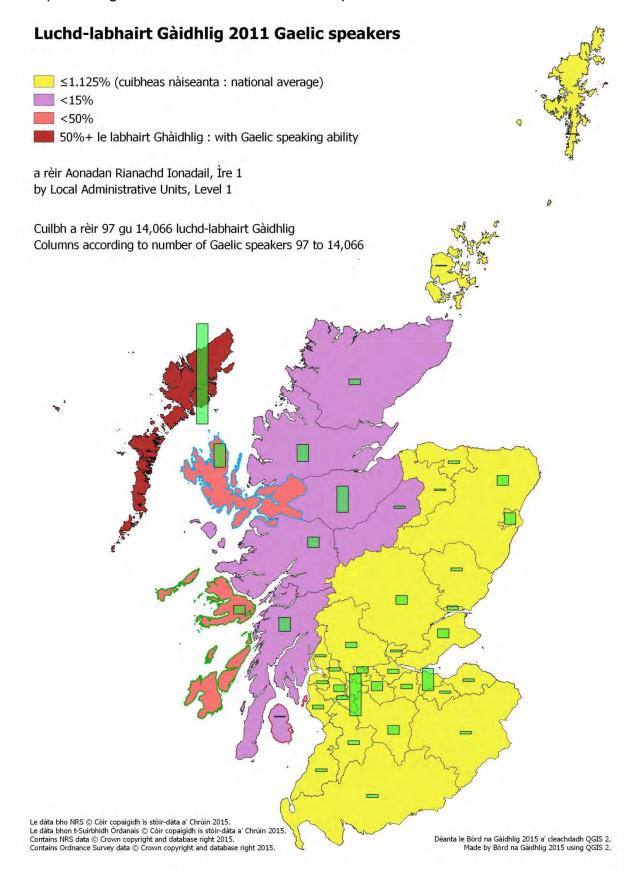

With any Gaelic skill (age 3+)	87,056	1.7%	of Scotland's population
people who can speak Gaelic	57,602	1.1%	of Scotland's population
		66.2%	of those with a Gaelic skill
speakers who can read Gaelic	38,636	67.1%	of those who can speak Gaelic
Gaelic-literate speakers	32,418	56.3%	of those who can speak Gaelic

Source: NRS table 234 2011

Gaelic speakers are spread throughout Scotland. Of the Gaelic speakers identified in the 2011 Census, just over half lived in the Highland counties (the Highland Council, Argyll and Bute Council and Comhairle nan Eilean Siar areas) and just under half in the Lowland counties. In addition to the Gaelic speakers living in traditional Gaelic communities, there is a high degree of urbanisation within the Gaelic speech community, with large concentrations of Gaelic speakers living in Greater Glasgow, Edinburgh, Inverness and Aberdeen. The distribution of Gaelic speakers nationally

² http://www.scotlandscensus.gov.uk/documents/analytical reports/Report part 1.pdf

can be seen in the following map, provided by Bòrd na Gàidhlig, which shows both the percentages and the overall numbers of speakers in different areas.

There is no authoritative figure as to the number of non-fluent adult learners, however, there is currently a great deal of interest in Gaelic learning as demonstrated by levels of interest in the multimedia SpeakGaelic course and the Duolingo Scottish Gaelic. To date, some 1.5m people have downloaded Scottish Gaelic Duolingo with 451k active learners being reported.³

Additionally, the 2021 Scottish Social Attitudes Survey has shown an increase in the number of people knowing any Gaelic at all. Between 2012 and 2021, the proportion of those able to speak at least the odd word of Gaelic in this large, representative survey has increased twofold from 15% to 30%.⁴

There are substantial numbers of children in Gaelic education, both Gaelic-medium education (GME) and Gaelic learner education (GLE) throughout Scotland. The full figures for GME and GLE are shown below.

The following map overleaf, provided by Bòrd na Gàidhlig, shows the distribution of GME nurseries, units and schools throughout Scotland. As can be seen, GME provision is not confined to the Highlands but is available at various levels in cities and towns in central and eastern Scotland. GME is currently delivered by 15 local authorities.

Given this backdrop, it can be expected that the trends of increased literacy, increase in numbers of fluent learners and increase in GME will continue, leading to greater demand for services.

Gaelic organisations, Gaelic community groups and Gaelic for Adults opportunities

As the SPCB's area of operation is all of Scotland, all of Scotland's Gaelic organisations, community groups and Gaelic for Adults opportunities are within the area in which we operate. These include the Gaelic development agencies <u>Bòrd na Gàidhlig</u> and <u>Comunn na Gàidhlig</u> and broadcasters <u>MG Alba</u>. Groups with a focus on Gaelic culture include <u>an Comunn Gàidhealach</u>, organisers of the <u>Royal National Mòd</u>, <u>Fèisean nan Gàidheal</u> which supports the development of community-based Gaelic arts tuition festivals and <u>Ceòlas</u> which promotes Gaelic language and culture in Uist.

Gaelic community groups include <u>Comann nam Pàrant</u>, which represents the interests of parents whose children are educated through the medium of Gaelic, local branches of an Comunn Gàidhealach and local Gaelic groups such as Gaelic in the Borders.

A variety of Gaelic for Adults opportunities are available and details of these are available in the LearnGaelic.Scot website. Learning opportunities are offered by various providers such as Sabhal Mòr Ostaig in Skye, and UHI Outer Hebrides, the universities of Aberdeen, Edinburgh and Glasgow and various local authorities and community groups. Learning app Duolingo is available in Scottish Gaelic and SpeakGaelic is a new multimedia course produced in partnership between the BBC, Bòrd na Gàidhlig, MG ALBA and the Scottish Government.

The SPCB works with a range of Gaelic agencies, community groups and Gaelic for Adults providers.

Attitudes to Gaelic

There is an interest in Gaelic among many non-Gaelic speakers. The Scottish Social Attitudes recently explored explores public attitudes towards Gaelic in Scotland.⁵ The study carried out in 2021 found for example that of the representative sample of 1,365 people aged 18 and over across Scotland, 79% of respondents agreed that Gaelic is important to Scotland's cultural heritage and 88% believed it is important to the cultural heritage of the Highlands and Islands.

It also reports that there has been a shift towards more positive attitudes regarding the language in a range of areas, including views on Gaelic education, the importance of Gaelic to one's own cultural heritage, public spending on Gaelic, and the future of Gaelic.

⁵ https://www.gaidhlig.scot/en/news/SSAS/

The study also found that being younger (those aged 18-29), having greater knowledge of and greater exposure to Gaelic are all associated with more supportive attitudes towards Gaelic across the range of topic areas presented above.

This follows an earlier study in 2011 by TNS-BMRB for the Scottish Government's Culture, External Affairs and Tourism Analytical Unit, in conjunction with Bòrd na Gàidhlig.⁶ The study found that, although 87% of those interviewed (1,009 in total) had no knowledge of Gaelic, 81% agreed that "it is important that Scotland does not lose its Gaelic traditions", 62% that "Gaelic should be supported and encouraged throughout Scotland" and 65% that "more should be done to encourage and promote Gaelic in Scotland".

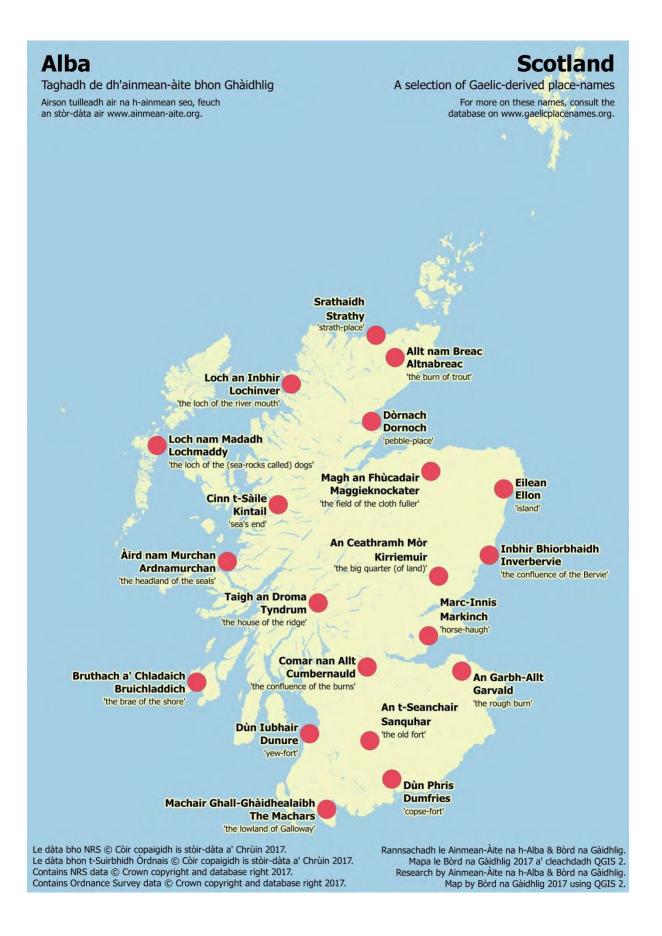

History of Gaelic

Although we often think of Gaelic as a language associated with the Highlands and Islands, it was once widely spoken as an indigenous language throughout virtually all of what is now Scotland, other than Orkney and Shetland, and was the majority language of Scotland into the late medieval period. This is evidenced in place names, for example, as can be seen in the following map. In the late medieval period, a Highland/Lowland split came about, with Gaelic then being consolidated as the language of the Highlands, and retreating in the Lowlands. In the Lowlands, Gaelic survived longest in the south west.

Gaelic retained its status as the principal language of the Highlands until the 19th and 20th centuries. In 1500 about half Scotland's population were Gaelic speakers, and in 1650 around one third. By the 19th century, due to migration from the Highlands, Gaelic became widely heard in the towns and cities of the Scotlish Lowlands.

Efforts to sustain and develop Gaelic have been taking place since the late 1870s but gained momentum particularly from the 1980s onwards with the foundation of Gaelic-medium education, the establishment of Gaelic television and the passing of the Gaelic Language (Scotland) Act in 2005.

INTERNAL GAELIC CAPACITY AUDIT

Linguistic capacity of the authority

This survey will be conducted within the first year of this plan, and a further one before the end

Inventory of existing Gaelic materials and signage

Existing Gaelic provision is contained in the <u>previous edition</u> of our Gaelic Language Plan and also within the commitments section of this edition of the Plan.

Assessment of the translation and interpretation capacity

The SPCB has a dedicated contract for Gaelic translation and also has an internal translation and proofreading capacity through our post of Gaelic Development Officer. The SPCB also has access to Gaelic interpreting through our main contract for Translation, Interpreting and Transcription. The Scottish Parliament has hardwired simultaneous translation equipment in the Chamber and in some of the committee rooms and also owns a set of simultaneous translation equipment which was purchased during the period of the first edition of our Gaelic Language Plan, with financial support from Bòrd na Gàidhlig.

Maintaining data on Gaelic capacity

We will maintain data on our Gaelic capacity through surveys of our linguistic profile twice a session and through the statistics we produce for our annual reports to Bòrd na Gàidhlig on the implementation of our Gaelic Language Plan.

It is monitored by SPCB staff with reports to the Leadership Team members every quarter.

Annual reporting to Bòrd na Gàidhlig by the Chief Executive takes place and is published on our website.

An organisational chart and further information about the corporate structure of the SPCB is available on the Parliamentary staff offices section of our website.

INDIVIDUAL STAFF MEMBERS

We will inform staff of their duties under the Plan through:

- general internal communications (including the Corporate Bulletin, Intranet)
- Gaelic Language Plan commitments captured in office plans, ensuring that they are taken forward by the relevant office heads and communicated to their teams
- providing and promoting Gaelic Awareness training, particularly through tailored sessions for individual teams
- the implementation of the measures in the Mainstreaming Gaelic section that follows.

SERVICES DELIVERED BY THIRD PARTIES AND ARM'S-LENGTH ORGANISATIONS

Various measures in this edition of the Gaelic Language Plan will ensure that those who deliver services/goods on behalf of the SPCB are, where relevant, aware of and will adhere to the commitments of the Plan:

- Offering Gaelic-related training to contractors so that they can understand the Parliament's expectations of their work with regard to Gaelic. This includes those who work on site (e.g., catering, crèche, cleaners, porters) and those who provide services such as design, marketing and IT system development.
- Working with our Procurement team to identify opportunities to build Gaelic requirements into contracts ahead of the tendering process. Specifically, consider design, marketing and web development.
- Working with our onsite contractors to ensure that their signage is in line with the SPCB's commitments to bilingual signage in public areas (café and creche).

OFFICEHOLDERS

The SPCB supports independent officeholders. An officeholder is a person who has been appointed to a public position.

There are currently 7 officeholders:

- Commissioner for Ethical Standards in Public Life in Scotland
- Scottish Biometrics Commissioner
- Scottish Commissioner for Children and Young People
- Scottish Human Rights Commission
- Scottish Information Commissioner
- Scottish Public Services Ombudsman
- Standards Commission for Scotland

Their terms and conditions of appointment and annual budget are set by the SPCB.

We are including the following commitment to support the Officeholders:

- Provide advice and assistance relating to Gaelic if requested by the Officeholders supported by the SPCB
- Offering our Gaelic Awareness training sessions and other Gaelic sessions to the Officeholders and their staff.

PLANNING AND POLICY IMPLICATIONS FOR GAELIC

MAINSTREAMING GAELIC

The SPCB is committed to the normalisation principle which aims to include Gaelic as an everyday part of Scottish life.

In the formation, renewal and monitoring of policies, the SPCB will consider the commitments made in this Gaelic Language Plan and ensure that the impacts on Gaelic will be in line with the National Gaelic Language Plan.

The SPCB normalises Gaelic in various ways as seen below and we will continue to normalise Gaelic:

- Publishing regular compliance reports to our Leadership Team and Bòrd na Gàidhlig
- Staff and MSP engagement and training activities
- Ensuring that current and future needs with regard to Gaelic are included in corporate workforce planning
- Including Gaelic Language Plan commitments in office plans
- Working with our Procurement team to identify opportunities to build Gaelic requirements into relevant contracts before the tendering process
- Building Gaelic into our public facing services and activities
- Including Gaelic in forms, policies and publications that we produce.

THE NATIONAL GAELIC LANGUAGE PLAN

The central purpose of the National Plan for Gaelic is to encourage and enable more people to use Gaelic more often and in a wider range of situations. The key messages, aims, priorities and commitments contained in the Plan all contribute to achieving this increased use of Gaelic. Principal amongst these are the following:

- Gaelic belongs to the whole of Scotland
- Promoting a positive image of Gaelic
- Increasing the learning of Gaelic; and
- Increasing the use of Gaelic.

The priority areas are as follows:

Increasing the use of Gaelic	Increasing the learning of Gaelic	Promoting a positive image of Gaelic
 Initiatives which promote the use of Gaelic in homes and communities Initiatives which promote the use of Gaelic by young people Gaelic in traditional and new media • Gaelic in the arts, publishing and creative industries Gaelic Language Gaelic in the workplace Gaelic use in heritage, tourism, food and drink, environment and leisure Initiatives which strengthen language richness, relevance and consistency Initiatives promoting links with Gaelic abroad and with minority languages 	 Gaelic in the family Gaelic medium workforce recruitment, retention, training and supply Resources and support for learning Gaelic in Early Learning and Childcare (ELC) Gaelic medium education (GME) in primary and secondary schools Gaelic learner education (GLE) in primary and secondary schools Gaelic in Higher and Further Education Adult Gaelic learning 	 Support for Gaelic from the Scottish Government, Parliament and wider political support Gaelic Language Plans implemented by public authorities (local authorities and public bodies) Promoting a positive image of Gaelic and raising awareness through: Gaelic media and other media Gaelic education at all levels, and Gaelic arts Promoting the social, economic and cultural value of Gaelic Positive messages about Gaelic, bilingualism, and about diversity and inclusion

COMMITMENT TO THE PRIORITY AREAS OF THE NATIONAL GAELIC LANGUAGE PLAN

The SPCB is committed to ensuring that the National Gaelic Language Plan is implemented.

INCREASING THE USE OF GAELIC

Rationale:

The SPCB recognises that the increased use of Gaelic strengthens the community of speakers and contributes to its confidence. This expands opportunities for Gaelic and Gaelic users, thus increasing awareness and the profile of the language. Our Plan outlines the steps we will take to encourage the increased use of Gaelic and to help create a supportive environment for increased use of Gaelic.

INCREASING THE LEARNING OF GAELIC

Rationale:

The SPCB recognises that Gaelic learning is of critical importance for the future of the language. Our Plan outlines the steps we will take to promote Gaelic within our education and other services and create a supportive environment for increasing Gaelic learning across Scotland.

PROMOTING A POSITIVE VISION OF GAELIC

Rationale:

The SPCB recognises that the promotion of a positive image of Gaelic is critical to strengthening the appeal and status of Gaelic in Scotland and abroad. This depends on users and nonusers alike. Our Plan outlines the steps we will take to make Gaelic visible and to promoting a positive image for Gaelic.

PLAN COMMITMENTS

STRATEGIC PRIORITIES

The SPCB has received the following draft priorities from Bord na Gàidhlig which we used in forming our plan commitments.

Strategic Priorities: The Scottish Parliament Corporate Body

Bòrd na Gàidhlig seeks to provide further support to public authorities who are preparing Gaelic language plans by working together to agree overall strategic priorities for the development of their respective plans to further growth of the use of Gaelic, the learning of Gaelic and to promote a positive image of the language.

Bòrd na Gàidhlig has set out draft strategic priorities to inform our plan and help meet the national priorities to grow the use and learning of Gaelic and to promote its positive image. These were discussed with the Bòrd on 5 October 2022 and the following final priorities were agreed. **SPCB Plan Strategic Priorities** Increasing the use of Gaelic by:

- Increasing the knowledge and awareness of Members of the Scottish Parliament (MSP) of Gaelic and our commitments in this plan.
- Promoting the use of Gaelic and our Gaelic services to staff, MSPs, the public and our stakeholders.

Increasing the learning of Gaelic by:

- Continuing our work to support schools in delivering democracy-based learning in Gaelic through the provision of sessions and resources available bilingually and in Gaelic.
- •
- Continuing to promote our work in Gaelic to adult learners of the language and offering engagement opportunities as part of this.

Promoting a positive image of Gaelic by:

- Including having Gaelic as an essential or desirable skill where relevant and appropriate.
- Helping staff and MSPs increase their Gaelic skills.

Continuing to focus on addressing diversity issues, seeking to increase representation of underrepresented groups in our public engagement and recruitment work.

COMMITMENTS

In its statutory Guidance on the Development of Gaelic Language Plans, Bòrd na Gàidhlig notes that creating the right environment for the use of Gaelic in public life is one of the key components of language regeneration.

The Bord has identified core areas of service delivery that it wishes public authorities to address when preparing Gaelic Language Plans, and specific functions or actions that can be taken in each area.

Area	Function				
Vicibility	Corporate identity				
Visibility	Signage				
	Advertising of posts				
	Recruitment of Gaelic speakers				
Staffing	Gaelic language learning				
J	Gaelic Awareness training				
	Encouraging the use of Gaelic in the workplace and internal communication				
	Telephone service				
Do to do	Written correspondence				
Day-to-day Operations	Forms				
Operations	Frontline services to the public				
	Public meetings				
	Media and public relations				
Communications	Printed materials				
Communications	Website and social media				
	Events and exhibitions				
	Adhere to the Gaelic Orthographic Conventions				
Corpus	Observation of correct place names				
	Translating and interpreting service standards				

In this section, our commitments are structured according to these headings and also under two additional headings, Mainstreaming and Supporting Parliamentary Business.

CP in the tables below signifies Current Practice.

Where we say below that we will continue to provide a service or that it is Current Practice, we will nontheless continue to develop these services in line with our commitment to Continuous Development. Each quarter we review our achievements in our GLP delivery to support this approach and each year we remind all offices of our commitments and the year's achievements.

VISIBILITY

Rationale:

The presence of Gaelic in the corporate identity and signs in a public authority greatly enhances the visibility of the language, increases its status and makes an important statement about how Gaelic is valued and how it is given recognition. Developing the use of Gaelic through our public facing work such as signage, forms, webpages and publications can also enrich speakers' vocabulary, raise public awareness of the language and contribute to its development.

The SPCB recognises the importance of extending the visibility of Gaelic and enhancing its status.

STAFFING

Rationale:

In order to deliver services through the medium of Gaelic, it is necessary to develop the requisite job skills and language skills of staff. The provision of language training for staff helps promote adult Gaelic learning and promotes Gaelic as a useful skill in the workplace. The identification of jobs in which Gaelic is a designated skill will contribute greatly to the status of the language and to identifying it as a positive skill to acquire. This is reflected in the inclusion of Gaelic in our workforce planning work.

The use of Gaelic in advertising also helps recognise that Gaelic should be used in public life and that Gaelic users have an important role to play within a public authority.

The SPCB recognises the importance of seeing Gaelic as an important job skill and of identifying situations in which its use is essential or desirable. The SPCB also recognises the importance of enabling staff to develop their Gaelic skills if they wish to do so.

DAY-TO-DAY OPERATIONS

Rationale:

The use of Gaelic at the initial point of contact that members of the public have with a public authority increases the visible and audible presence of the language, and contributes to the sense that the use of Gaelic is possible and welcome. In addition to raising the profile of the language, it creates opportunities for its practical use and encourages members of the public to use Gaelic in subsequent dealings with the public authority. Indeed, this is why the first entry point visual for visitors to the Scottish Parliament is bilingual in its welcome.

The same applies to interactions in Gaelic by mail, email and telephone. The presence of Gaelic in a wide range of bilingual forms and Gaelic-only forms can also greatly enhance the visibility and prestige of the language. The preparation of Gaelic forms, applications and similar documents can also assist in expanding the range of Gaelic terminology and the awareness of the Gaelic-speaking public of such terminology, thus helping the development of the language itself.

The SPCB recognises the importance of creating opportunities for the practical use of Gaelic in a wide range of everyday situations and is committed to increasing its level of provision in this area.

COMMUNICATIONS

Rationale:

The use of Gaelic across communications media can assist Gaelic development in a variety of ways. It helps increase the visibility of the language, it enhances Gaelic's status by being used in high-profile publications, and it can help develop new and enhance existing terminology. The use of Gaelic in the media channels helps demonstrate a public authority's commitment to making important information available through the medium of Gaelic, as well as enhancing the visibility and status of the language. As public authorities are seeing an increase in people accessing information through their websites, including Gaelic online significantly enhances the status and visibility of the language.

The SPCB is committed to increasing the use of Gaelic in these areas where the subject matter is of most interest to the general public or relates specifically to Gaelic issues.

Rationale:

The development of Gaelic in this sector is vital to the future of Gaelic in Scotland. Attention to this will allow Gaelic to develop new terminology and registers, leading to greater relevance and consistency. For these reasons, steps will be taken to ensure the continued development of the Gaelic language.

The SPCB recognises the importance of developing the Gaelic language to ensure that it is fit for all appropriate purposes and for use in the growing range of contexts in which it features.

Note: The <u>Standing Orders of the Scottish Parliament</u> establish how languages can be used in the Debating chamber and committees. The <u>SPCB's Language Policy</u> sets out the principles we are delivering to. This includes the following:

- Practical support is provided to enable Members to use Gaelic for parliamentary business-related purposes
- Committee reports or Bills can be published in Gaelic with the approval of the Head of Chamber and Reporting
- Proposals for bills, motions, amendments and questions can be submitted with a Gaelic translation. The translation will be published with the English version
- MSPs may use Gaelic in debates with prior approval of the Presiding Officer or in Committees with the Convener's approval
- Committee witnesses may give oral evidence at a meeting in Gaelic with the prior approval of the Convener
- Anyone invited to address the Parliament can do so in Gaelic with prior approval from the Presiding Officer
- Where Gaelic is used in debates or committees, the Gaelic text appears in the Official Report ahead of the report of the English interpretation

	 The SPCB provides resources to support MSPs in carrying out their duties as Members. This includes translation and interpretation services paid for through their office Expenses, advice is available from SPCB staff. 								
35	Use of Gaelic encourag ed in Parliamen tary Business	Simultaneous Interpreting: The Scottish Parliament has hardwired simultaneous interpreting equipment available in the Chamber and in two committee rooms to facilitate interpreting. The introduction of hybrid meetings has presented technical challenges with providing interpreting for meetings of this type. However, the Parliament is committed to ensuring that Gaelic interpreting is facilitated in Parliamentary business. During the time of this plan we will: • Ensure that Gaelic interpreting is compatible with members participating remotely in hybrid meetings. • Deliver ways of making Gaelic interpreting available for hybrid committee meetings. • Deliver remote interpreting for Parliamentary business. • Work with interpreters to understand what might best support the profession's development. This will involve working with local authorities, Parliaments or Assemblies who use simultaneous intepreting, investigate holding a training event for Gaelic interpreters as part of this							PESO Broadcasting Official Report External bodies
